WOW Ministry

Walk Out Of Worry is a ministry to assist those plagued by anxiety who want to live a life of peace and contentment. Our focus is to point to Jesus Christ as the answer to a worry-free life, by studying His teachings on worry and by resting in His sovereignty.

Deb Hogan, wife, mother, speaker and Praise Team leader has struggled with anxiety as the result of a life-threatening illness that entered her life in 1998. (see VHL.org) She now ministers to those who struggle with worry.
